

Women in Energy & Industry

The energy sector in Australia is rapidly transforming. Inclusion and diversity are critical to that transition.

We invite you to join this networking event to discuss diversity in energy and industry.

We have the pleasure of hosting four women who will talk about a range of topics from fundamental trends reshaping the energy sector, to the parallels between the transformation we are seeing and seeking in this sector, and the transformation for women in the workplace.

WEDNESDAY

27 MARCH 2019

6.00pm for 6.30pm – 8.30pm
